Specialist care facilities and staff training to ensure

DIGNITY IN DEMENTIA

“My team and I are passionate about finding innovative ways to enhance and improve the well-being of our residents.” Mallick Sowe (Manager)

- Genuinely specialised care in a home with innovative concepts and facilities to give enjoyment and fulfilment to our residents.
- Trained Dementia Care Staff, who have taken part in the ground-breaking 'Virtual Dementia Tour'.
- Person-centred to ensure the needs of each individual are met.
- Our Activity Co-ordinator ensures daily meaning and relevant activities.
- Sensory Room and memory stations ensure stimulation and interaction.
- Staff, family & friends awareness session through our 'Sensory Dementia Experience'

Don't just take our word for it...

'A huge thanks to all of you for the kindness and care you have shown my mother, Rita. I could not have asked for more.'

Claire – Residents Daughter

'It was very daunting for my beloved wife to be diagnosed with Dementia and I was very concerned how she would cope. Newfield has an excellent new team and the management are constantly looking to improve and upgrade the resident's needs, their compassion to all is outstanding.'

RM, (Resident Family member)

"I have rarely encountered the care and compassion that I felt Gran received.. A truly wonderful achievement."
