

LAKEVIEW HOMES

By Fred Varden

Lakeview rest homes
They are the very best homes
About this make no bones
Their model approach is
an example to most, which we think
should actually be cloned

The Moorings is where we always stay
Lovely care staff, look after us day by day
Nothing is ever too much too ask
But they may draw the line
at a whisky hip flask!

Joking apart it's all fantastic
Everyone here are simply just magic
The day staff and night staff
are certainly worth their salt
every single one of them,
we just can't fault

They all make sure that the residents stay safe
Sometimes by rushing all over the place
The food is fabulous, nutritious and healthy
Helping to keep us all sharp and stealthy

As management goes it speaks for itself
Running a business but not thinking of wealth
A great organisation, a precious pearl
That's why they won the best
care provider in the World!
